**Decisions on the request submitted by Argentina for an extension of the deadline for completing the destruction of anti-personnel mines in accordance with Article 5 of the Convention**

1. The Conference assessed the request submitted by Argentina for an extension of its deadline for completing the destruction of anti-personnel mines in mined areas in accordance with article 5.1, agreeing to grant the request for an extension until 1 March 2023.
2. In granting the request, the Conference noted that, as in its initial request for extension of its 1 March 2010 deadline, Argentina has expressed that the sole circumstance which impedes the ability of Argentina to destroy all anti-personnel mines in mined areas that it has reported to be under its jurisdiction or control is that Argentina has indicated that it “does not exercise territorial control over the land to be demined.” The Conference further noted the importance of a State Party providing information on changes to the status of the control of mined areas, when such a State Party has indicated that matters related to control affect the implementation of Article 5 during extension periods.
